

August 30, 1975

Dear Walter:

Thanks for your letter of August 25. I was prodded to do what had to be done. There simply was no way to serve as President of the Arkansas Political Science Association from an Eastern base. I will tell you, though, that right up until the end I hoped to somehow pull something through in Arkansas, in part so that I could continue with the APSA. I had hoped to lead a meeting as good as the ones at Conway and Little Rock and perhaps use a Bicentennial theme. It wasn't so difficult to resign from Jonesboro Rotary and a couple of other organizations in the Northeast, but this resignation really hurts. I wanted this to be a real slam-bang year for the APSA! I hope that you still will send me the newsletter as I am eager not to sever all contacts in Arkansas. And, thanks, Walter, I have expressed an interest in UALR should a vacancy and my qualifications correspond.

Sincerely,

*Pete*
