Dear Dr. Tae Nam:

I was pleased to hear that your committee on the constitution for the APSA has met and developed a provisional document. I am sure by our Annual Meeting in the spring that your committee will have a polished version to present to the membership.

Your efforts are very much appreciated. Please extend my expression of thanks to the other committee members.

When you complete your work, Dr. Kidman, Mr. Nunn and I would appreciate a copy of the proposed document.

Cordially,

Robert M. McChesney
Professor and Chairman
