Dear Walter:

Pardon my tardiness in responding to your letter of 12 March. Your ideas are great. I am in total agreement with everything, including your proposed budget.

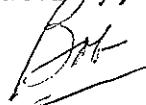

I am having the IOP print up membership registration cards to send out with the newsletter. They will be the size of the enclosed invitation. That way they can be filed and kept updated. I'll get them to you in a few days.

Let's go ahead with the newsletter and solicit memberships. As soon as we get the capital, we can have the stationery printed.

I have twenty dollars left over from the meeting which you may use to start a bank account. I am enclosing my personal check for the amount.

Thanks for the good work.

Sincerely,

Robert M. McChesney
