Dear James:

I may well have talked with you by telephone before you receive this letter, but I thought I would write you and send a copy to Walter Nunn, just for the record. Although I have already confessed to you that I have not yet prepared my remarks for the Friday evening banquet, your call has nudged me into selecting a title. I shall try to speak on the subject of "Political Action, Teaching, and Research: Which Hat(s) for Arkansas Political Scientists?"

I look forward to being with you on February 27 and 28 at DeGray Lodge, and hope we have our best state meeting ever.

Sincerely yours,

Daniel R. Grant
